The wonderful benefits of mass uncontrolled immigration.

Susanne Harmon
I live in Germany, and a lady who lives over here in a town with 3000 people posted on FB that they got about 650 refugees. Within 2 weeks they had 7 attempted rapes, cats and dogs dissapeared, and shop lifting was remarkably on the rise. In the local playground refugees hang around drinking alkohol and dealing drugs. The Mayor of the town apparantly has instructed the police not to take any refugees to the police station but to let them go instead. This lady is scared to let her son walk to the shops on his own, keeps her cat indoors and is scared to leave the house when she goes to work (night shift) or come home from work. This is what you hear all the time from more and more people and many different areas in the country (although the news programmes and papers keep stumm about incidents concerning migrants and feed us with "oh, the poor refugees"-propaganda

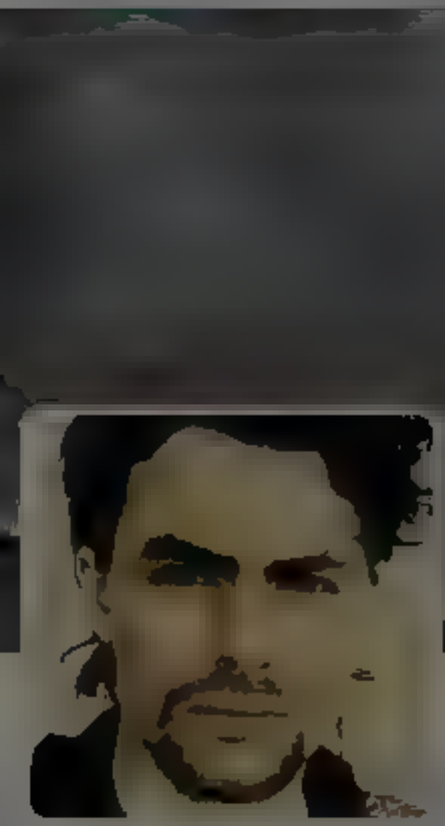
I hope this makes things a bit clearer for my critics. Thank you for reading

Paul Joseph Watson

The reaction to me criticizing Trump for going back on some of his campaign promises shouldn't be sticking your fingers in your ears and screeching "fake news!" " trust my President!" "4D chess!" " will slavishly follow Trump without question!"

The reaction should be, 'Why is a guy who invested a year of his life getting Trump elected now starting to have major concerns?'

I am not CNN. I despise CNN. I despise the left. I have vigorously defended Trump against unfair attacks & will continue to do so



America is not North Korea. Trump is not Kim Jong-un. It is OK to criticize "dear leader"

You elected Trump to work for you. He is not a cult leader. He works for you.

Unthinking positivity, leaving your brain at the door & mindlessly nodding along like sheep to everything Trump says and does even if it directly contradicts his campaign promises does not make you patriotic. It makes you dumb

We all worked so hard to get Trump in office. now let's keep working together to make sure he follows through on his promises & advise him when we think he is being led astray

Trump is great. love Trump. I still have hope Trump will make America great again. But he is only human and is under the intense pressure that all presidents are subjected to by the deep state and the Washington establishment.

Has the simple thumb-and-forefinger "OK" hand gesture become a white supremacist hand sign? Well, no, it hasn't, but you are likely to hear just the opposite from social media, thanks to the latest hoax from members of notorious website 4chan.

The site 4chan is an anonymous discussion board with an outsized cultural impact on the Internet. It has been responsible for everything from the "I can haz cheeseburger" cat meme to the concept of rickrolling. There is little that 4channers like so much as a hoax and in recent months they have served up a number of fakeries with white supremacist themes to largely credulous on-line audiences.

No, the "OK" Gesture Is Not a Hate Symbol

Nov 1, 201

Has the simple thumb-and-forefinger "OK" hand gesture become a white supremacist hand sign? Well, no, it hasn't, but you are likely to hear just the opposite from social media, thanks to the latest hoax from members of notorious website 4chan.

The site 4chan is an anonymous discussion board with an outsized cultural impact on the Internet. It has been responsible for everything from the "I can has cheeseburger" cat meme to the concept of rickrolling. There is little that 4channers like so much as a hoax and in recent months they have served up a number of fakeries with white supremacist themes to largely credulous on-line audiences.

Will any British newspapers/media outlets defend Tommy Robinson after he was arrested at 4am for doing journalism?

07:05 - 10 mei 2017

Paul Bennun @benoonbenoon · 3 uur

Als antwoord op

If he was doing journalism he would be aware of sub judice / UK's Contempt of Court Act. This is basic

ARANEA GRANDE @vacasath · 3 uur

So is sending rapists to prison, but British judges seem to be failing at that.

Looks like the law is flying above everyones heads

Paul Bennun @benoonbenoon · 3 uur

Interesting. To be clear you mean "alleged Muslim rapists," not "alleged white rapists" am I correct?

3rd wave feminism has been a joke for years, the fact that it's failing financially is a huge victory for common sense.

You shouldn't have to live in a world without independent leftist media

Chances of Dems successfully impeaching Trump are about as likely as Hillary taking responsibility for her failures – zero.

Democrats talk of an 'impeachment clock' for Trump

BY ALEX ROARTY
aroarty@mcclatchydc.com

WASHINGTON Democratic leaders aren t calling for the impeachment of President Donald Trump

But they re getting closer

To one Democratic congressman, the president s decision to fire FBI Director James Comey reminded him of the "doomsday clock," a symbol that warns about the likelihood of nuclear war

"We should maybe have an impeachment clock," Rep Mark Pocan, D-Wis said on Wednesday "And if we did, I think yesterday moved us about an hour closer to having that need."

I will always speak the real truth of Islam, become muslim or die its as simple As that We will try to kill you all you will try to stop us and there will be one winner left standing. There is no sutch thing as a moderate muslim only a fake one with no balls. The real Muslims convert or kill We will have our own caliphate soon enough and when we are done with the Middle East we will march on Europe. Do you know how many fighters we sent into Europe with the "refuges" it has Allready begun so prepare yourself for war

Seth Rich's dad says Brad Baumann was assigned to them by the DNC and he has no idea why.

"The third time I talked to Mr [Joe, Rich (Seth's father) he said, Ed, there is a guy named Burkman who keeps saying he represents us am going to give you his phone number Please tell him to stop doing that. We have a man who was assigned to us by the DNC," Butowsky explained to WND

According to Butowsky, Joe Rich added "We were assigned a guy named Brad Bauman don't know why we were assigned him I have no idea why need somebody to speak for me but please tell Burkman, because he is not listening to me, to go away and stop acting like he speaks for us."

"Joe Rich's exact words were 'the DNC assigned [Bauman] to us,'" Butowsky said.

Butowsky said has never spoken to Burkman, "but all I know is that Mr Rich didn't like him, that he wouldn't listen and kept making up stuff."

How many people do YOU know who have died mysteriously? Not as many as the Clintons! Check out WND's explosive report, "'Clinton death list': 33 spine-tingling cases."

Ed Butowsky a wealth management and financial adviser

In an interview with WND on May 16, Bauman explained that he was put in touch with Rich's family by two of Rich's friends – both of whom worked for the DNC – and that the family requested help because they had more media requests than they could handle.

No. The hotline was to report people you want deported

Just Lisa Chicago @mca102 · Apr 27

NO, a 2nd & new line is for VICTIMS of crimes committed by Illegals, it is a separate hotline called VOICE. It is not the deportation line

Jenny @thekleptocracy · Apr 27

Please if a violent crime happens, notify police. We all know that hotline is for deportations and people who hate immigrants

I thought there was some international law that says refugees seeking asylum have to ask for it in the 1st country they arrive in

I would imagine Mexico issuing travel visas halts the process of asylum seeking since technically they're not in need until after it expires

Islamic terrorists have killed 1263 people in the last 23 days alone.

To equate the threat of 'right wing terror' with that is dishonest.

Trump haters who think this Don Jnr. email contains anything criminal are gonna be disappointed.
White House says Trump didn't know about any of this. So does Trump Jr.
6. This Isn't Illegal. As Jonathan Turley states:
There is no crime in listening to people who say that they have incriminating information on a political opponent, even a foreigner. ... If notice of a possible crime or information is now deemed as thing of tangible value under federal campaign laws, the wide array of exchanges on behalf of campaign would be implicated. Indeed, major free speech and association issues would be raised.

So you don't want your readers to know information that you can prove was incorrect?

Isn't this exactly what you're railing against? The idea that when the media gets something wrong, they don't correct it? Or the idea that someone is specifically putting out information that fits an agenda, but not letting users know when it's incorrect?

I would only do this for politica reasons (ie to make Soros happy) It s very unclear to me how much AV will matter next cycle And I haven t seen them adding any value this cycle
I also worry a little it will cause donor confusion vis a vis Priorities

Do you know much about America Votes? As Greg Speed explained to me, they are the coordinated campaign for various outside groups Soros is a big supporter of the group and has going to ask her tonight if she will come to a fundraiser for them at his house in December Thoughts?

FAKE NEWS: Mainstream media pushed "hands up, don't shoot" narrative AFTER it was proven false. Race riots erupted.

infowars.com/the-ultimate-f...

> The fake news that produced the **"hands up, don't shoot" narrative** which was proven to be completely fraudulent led to riots, violent attacks and looting in Ferguson, Missouri, as well as numerous other U.S. cities. Even after the rioting began, the mainstream media continued to legitimize the unrest. Fake news outlets continued to parrot the "hands up, don't shoot" narrative even *after* it was proven false.

Adults will be able to change their gender legally without a doctor's diagnosis under government plans that would transform British society.

Men will be able to identify themselves as women and women as men and have their birth certificates altered to record their new gender.

Ministers plan to tear up the existing rules which mean that people have to live for two years as their desired gender before they can officially change sex.

A consultation on the Gender Recognition Bill is to be published in the autumn. It will also include proposals to scrap the requirement that people get a formal medical diagnosis of "gender dysphoria" before applying to switch gender.

Critics warned that allowing people to effectively "self-identify" to make it easier for people to switch their identity legally.

In future people are expected to be required only to make a statutory declaration that they intend to live in the acquired gender until death in line with arrangements

questioned whether men can become women even if they undergo a sex change operation.

Stephanie Davies-Arai of Transgender Trend, a group of parents concerned about the growing diagnosis of children as transgender, said: "This has huge implications for women. There will be legal cases.

"The most worrying thing is if any man can identify as a woman with no tests and gain access to spaces where women might be getting undressed or where they feel vulnerable, like women's hospital wards, refuges and rape crisis centres, then women will just stop going to these facilities."

Self-identifying was recommended by a parliamentary committee last year chaired by the former cabinet minister Maria Miller and it has the backing of Theresa May and Jeremy Corbyn.

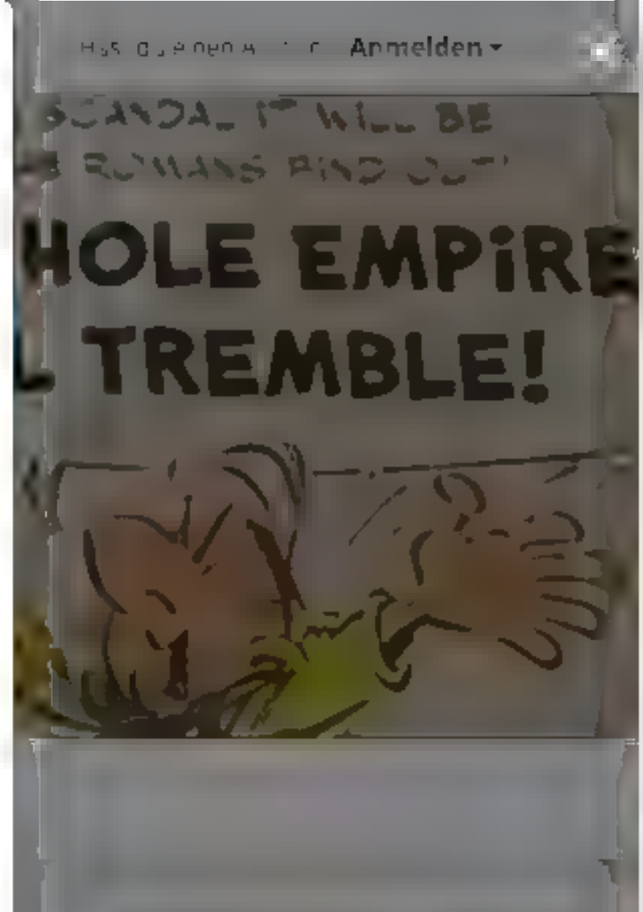
Financial Times buries the lede. CIA not only armed Syria's insurgents--it paid their salaries.



Times say their CIA interlocutors
not confirmed any change, and political
opposition figures who met US officials
this week say they, too, were given no
hint of any change. The White House
has not confirmed that the programme
has been cancelled.

"Until now, nothing is confirmed.
There have been no changes on the

they were also surprised at the news,"
said Hassan Hamadeh, commander of
Division 101, a rebel group.

One rebel commander, who asked not
to be named, said US support had been
waning for months, but noted that the
rebels had been given their salaries as
normal last month. Still, he believed the

Powerful Photo Shows That Women Aren't The Only Ones Who Get Periods

'Not all people who menstruate are women, and not all women menstruate.'

By James Michael Nichols

A transgender artist released a powerful photo last week in an attempt to broaden the cultural understanding of the different types of people who experience menstruation.

Cass Clemmer, who uses they/them pronouns, posted the photo of themself on Instagram on July 12, depicting them free bleeding while holding up a sign that reads "Periods are not just for women. #BleedingWhileTrans."

The photo was accompanied by a poem the artist wrote for a spoken word event at a menstrual health conference last summer.

890000	Gesamtkriminalität (ohne ausl. Verstöße)	3,6	7,3
892000	Gewaltkriminalität	5,0	15,1

111000	sexuelle Nötigung/Vergewaltigung	5,2	15,2

n the case of gangrape, the ratio is ~10.3 for fore gners, and a whopp ng 42.7 for asylum seekers!

Philippe Lemoine @ph 4 s · 14 Std
Aga n when t comes to rape culture, German men c early have a lot to learn from recent arriva s!

1 2 8

Philippe Lemoine @ph 4 s · 14 Std
These figures are based on people investigated by the pol ce, so b as cou d play a ro e

1 1 1

Philippe Lemoine @ph 4 s · 14 Std
Perhaps victims are more likely to report comm tted by mmigrants and/or po ice more like y to investigate

2 1 1

Philippe Lemoine @ph 4 s · 14 Std
But the d sparities are way too arge for th s to exp a n more than a sma l fract on

1 1 2

Philippe Lemoine @ph 4 s · 14 Std
Moreover many of the victims of imm grants are probably mmigrants themselves and imm grants are presumably less likely to report

1 5

Philippe Lemoine @ph 4 s · 14 Std
So it seems unl kely that, in genera crimes comm tted by imm grants are more l kely to be reported

1 1

Philippe Lemoine @ph 4 s · 14 Std
t's poss b e that po ice s more l kely to nvest gate crimes committed by mmigrants/asy um seekers.

Philippe Lemoine @ph 4 s · 14 Std
But given how the ratios vary depend ng on type of cr me such a b as f t ex sts, s un ikely to be very arge

1 2

Philippe Lemoine @ph 4 s · 14 Std
Th s kind of b as would presumably be more obvious for ess ser ous crime because there s ess at stake so cops are freer to act on bias.

1 1

Philippe Lemoine @ph 4 s · 14 Std
However, ook ng at the data, the opposite seems to be true Disparity is much larger for murder and rape than for non vio ent cr me

Yes, really. They actually claim because a mosque existed, that Muslim women in burkas are a fair depiction of Victorian-era British women.

Your shite argument is the same.

There were some non-white people in Roman Britain.

That's not "ethnically diverse" by today's standards.

US Attorney overseeing Imran Awan investigation is brother of Debbie Wasserman Schultz - who hired Awan.

Trump/Sessions needs to step in.

In what may be one of the most remarkable conflicts of interest that we have seen in a long time, it appears that Steven Wasserman, Assistant Attorney for the District of Columbia who is the brother of Debbie Wasserman Schultz, has been tasked with overseeing the investigation of DNC IT employee Imran Awan, who was arrested earlier this week while attempting to flee the US and charged with bank fraud.

Conservatism is the new counter-culture.

The fact you keep writing panicked articles about it proves how nervous you are about it. 😎

This key point about peace, love and fun is what alt-right agitator Paul Joseph Watson from Infowars.com misses completely with his utterly clueless suggestion earlier this year that "the alt-right is the new counterculture". No sir Mr. Watson, you and your ilk aren't even in the ballpark

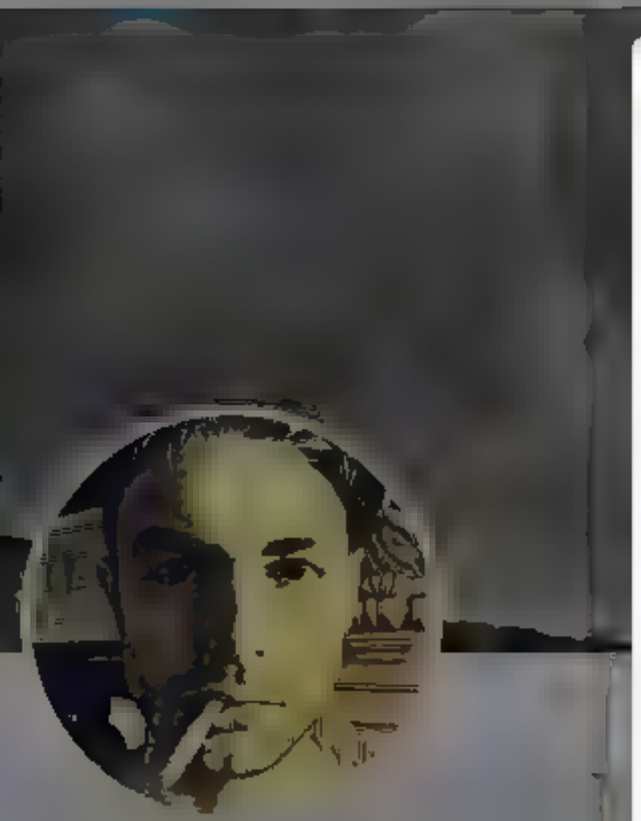
This is so true.

Virtually all of my most vehement detractors have admitted their history of mental illness and self-loathing.



MILO

At the University of Oxford law students demanded trigger warnings before lectures on sexual assault law on the grounds that such subject matter is potentially distressing. The thought that law students should seek to toughen up on issues they'd have to defend in open court apparently never occurred to them.

The Left's embrace of therapy culture has led damaged people to gravitate to the movement. And why wouldn't they? Instead of encouraging people to change themselves, the Left tells vulnerable people that they should instead change the environment around them to protect themselves from having their feelings hurt. "It's not your fault," the Left soothingly coos. "It's society."

...physical gets the same

Imam called for annihilation of Jews, apologizes & @CBSNews calls it "heartfelt". How do they figure? He's a scumbag who let his mask slip!

CBS Sacramento

DAVIS (CBS13) — "To the Jewish community here in Davis and beyond, I say this deeply—I am deeply sorry for the pain I have caused," said Ammar Shahin.

It was a heartfelt apology from the Davis Imam who broke the hearts of people in the Jewish and Muslim communities.

Last week, Shahin gave a fiery sermon that translators say called for his higher power to annihilate Jews, and asked his congregants to take part in the slaughter.

Venezuela: It's only socialism when it's (briefly) working. Once the inevitable collapse happens, it's miraculously not socialism anymore.

> Socialist economic policies — price controls, factory nationalizations, government takeovers of food distribution and the like — have led human crisis. Eighty percent of Venezuelans believe president Nicolas Maduro should leave office. Eleven percent of children under 5 are malnourished, infant mortality has increased by 30% and maternal mortality is up 66%. The Maduro regime has met protests against its misrule with violence. More than 100 people have died in anti-government demonstrations and thousands have been arrested. Loyal police officers are rewarded with rolls of toilet paper.

We always ask why we don't see women in top leadership positions, but we never ask why we see so many men in these jobs. These positions often require long stressful hours that may not be worth it if you want a balanced and fulfilling life.

Status is the primary metric that men use to judge one another, paving many men into these higher paying, less satisfying jobs by the subtle incentives they place. This is the conclusion of the so-called "anti-diversity" memo that got James Damore fired from Google.

Suggestions

I hope it's clear that I'm not saying that diversity is bad, that Google or society is 100% fair, that we shouldn't try to correct for existing biases, or that minorities have the same experience of those in the majority. My larger point is that we have an intolerance for ideas and evidence that don't fit a certain ideology. I'm also not saying that we should restrict people to certain gender roles, I'm advocating for quite the opposite: **treat people as individuals**, not as just another member of their group (tribalism).

Only "rich white men" drive cars or ride buses. Who knew?

Caroline CriadoPerez
@CCriadoPerez

Also spending money on roads instead of welfare is literally choosing rich white men over everyone else - they are the ones who drive.

Why is anti-Semitism and racism acceptable to the MSM & leftists if it's spoken by Muslims?

"Just want to point out that with all the national talk of condemning **#hate** and faux angst over **#racism** and **#antisemitism**, California still has Muslim imams publicly calling for a new Holocaust for the Jews. This despite the fact that Congressman Brad Sherman, Muslim reformer Shireen Qudosi, Jewish human rights activist Gail Rubin, and other brave souls have condemned Imam Ammar Shahin and called for his removal from the Islamic Center of Davis.

Apparently, SOME FORMS OF NAZISM are completely acceptable to the media and social justice warriors."

Let that sink right in.

There are two 'Alt-Rights'

One is more accurately described as the New Right. These people like to wear MAGA hats, create memes & have fun

They include whites, blacks, Asians, latinos, gays and everyone else. These are the people who helped Trump win the election

The other faction likes to fester in dark corners of sub-reddits and obsess about Jews, racial superiority and Adolf Hitler

This is a tiny fringe minority. They had no impact on the election

Guess which faction the media is giving all the attention to?

The political class only gives a shit about you if you're killed by a white supremacist.

Brendan O'Neill
@brendan_oneill ·

They're still talking about Charlottesville. Still. Even as the barbarism in Barcelona raises the number of European citizens slaughtered by Islamists since 2014 to *461*. Four-hundred-and-sixty-one people killed in Europe in three years. Four-hundred-and-sixty-one. Let that sink in for a minute. By extremists who loathe liberty, democracy and mankind far more seriously than those sad neo-Nazis in the US do. But don't look back in anger, eh? We wouldn't want to create community tensions. "Don't make a scene" – that's always the response to Islamist terror.

The message is so clear now: the political set will only give a shit about you if you're killed by a white extremist.
